

# Our Network by the Numbers

Years One through Four

**1** National Coordinating Center

**10** Regional Public Health Training Centers

**80** Local education & training sites

More than 100 staff members, including over 10 Instructional Designers, connect to thousands of subject matter experts to offer high-quality training for the nation's 500,000 public health workers

A broad spectrum of professionals access and adapt our training courses for their needs. In addition to public health, public health learners work in the fields of:

COMMUNITY HEALTH

MEDICINE

NURSING

DENTISTRY

BEHAVIORAL HEALTH

HEALTH EDUCATION

EMERGENCY PREPAREDNESS & MANAGEMENT

*and more!*

**633,337**  
**110,316**  
**42,990**  
**45,401**
